About Dr. AuBuchon: Dr. AuBuchon is a graduate of the University of Missouri- Kansas City School of Medicine. He received his training in anesthesiology at Washington University in St. Louis/Barnes-Jewish Hospital. After completing his residency, he went on to a fellowship in adult Pain Management at Barnes-Jewish Hospital followed by a pediatric anesthesiology fellowship at St. Louis Children’s Hospital. During his pediatric fellowship, he furthered his education by spending time at Cincinnati Children’s Hospital in the pediatric pain management and palliative care divisions.

Dr. AuBuchon is the current director of pediatric pain management at St. Louis Children’s Hospital and runs the pediatric pain management clinic. His current practice is split between pediatric pain management, adult pain management, and pediatric anesthesiology.

He is currently board certified in anesthesiology, pain management, and pediatric anesthesiology.
