### NEWS

**Chiari@School**

It can be hard for kids to go through a diagnosis of Chiari or syringomyelia... on top of school, family, friends and all kinds of

other stress. Watch our friend, Erin, talk about what happened to her, how she handled school after surgery, and how she made new friends along the way! Visit the [Chiari@School](#) page to learn more about how kids with these disorders can get more help in school so they don't fall behind!
